Browse Quality Core Curriculum Standards by subject

Subject: Public Safety

Grade: 9-12

Course: Public Safety: Core Skills

1 **Topic:** Basic Skills

Standard: Locate, understand, and interpret written information in a variety of formats, including such documents as manuals, graphs, reports, and schedules.

2 **Topic:** Basic Skills

Standard: Communicate thoughts, ideas, information, and messages in writing and technologically create documents such as letters, directions, manuals, reports, graphs, and flowcharts.

3 **Topic:** Basic Skills

Standard: Perform and apply numerical concepts and calculations, and solve problems by choosing appropriately from a variety of mathematical techniques using mental, manual, and technological methods.

4 **Topic:** Basic Skills

Standard: Receive, interpret, and respond to verbal and nonverbal messages in a manner appropriate to a given situation.

5 **Topic:** Basic Skills

Standard: Organize ideas and communicate orally in a clear, concise, and courteous manner.

6 **Topic:** Thinking Skills

Standard: Specify goals, objectives, constraints, and supporting factors.

7 **Topic:** Thinking Skills

Standard: Identify problems, alternative solutions, and consequences of alternative solutions, and use appropriate techniques to resolve given problems.

8 **Topic:** Thinking Skills

Standard: Implement a plan of action making modifications as needed to achieve stated objectives.

9 **Topic:** Thinking Skills

Standard: Use effective learning techniques to acquire and apply new knowledge and skills.

10 **Topic:** Personal Qualities

Standard: Assess self accurately, set personal goals, monitor progress, and exhibit self-control.

11 **Topic:** Personal Qualities

Standard: Choose ethical courses of action.

12 **Topic:** Personal Qualities

Standard: Take initiative to accomplish tasks in a timely manner.

13 **Topic:** Personal Qualities

Standard: Exert a high level of effort and persevere towards goal attainment.

14 **Topic:** Personal Qualities

Standard: Demonstrate adaptability, dependability, responsibility, and such social behaviors as tolerance, honesty, empathy, and courtesy.

15 **Topic:** Interpersonal Skills

Standard: Participate and interact as a team member and leader.

16   **Topic:** Interpersonal Skills

Standard: Share knowledge and skills with others.

17   **Topic:** Interpersonal Skills

Standard: Perform effectively in various environments with people of different ages, genders, cultures, socioeconomic backgrounds, attitudes, and abilities.

18   **Topic:** Interpersonal Skills

Standard: Work to satisfy customer/client expectations.

19   **Topic:** Interpersonal Skills

Standard: Use strategies appropriate to a given situation to prevent and resolve conflicts.

20   **Topic:** Resources

Standard: Select goal-relevant activities, prioritize them, manage time, and prepare and follow schedules.

21   **Topic:** Resources

Standard: Use or prepare budgets, make projections, keep records, and make adjustments to meet objectives.

22   **Topic:** Resources

Standard: Acquire, store, allocate, and use materials and space efficiently.

23   **Topic:** Technology

Standard: Prevent, identify, or solve problems with technical or electronic equipment.

24   **Topic:** Technology

Standard: Operate and maintain technical equipment and the work environment safely following applicable industry regulations and guidelines.

25   **Topic:** Technology

Standard: Utilize a variety of technologies.

26   **Topic:** Business Aspects

Standard: Demonstrate understanding of basic economic concepts and how they are applied in business functions and activities.

27   **Topic:** Business Aspects

Standard: Identify forms of business ownership.

28   **Topic:** Business Aspects

Standard: Demonstrate understanding of the scope of a business, its place within an industry, and the interrelationship of its parts.

29   **Topic:** Business Aspects

Standard: Demonstrate understanding of the individual's role, responsibilities, and relationships in the organizational structure of a business.

30   **Topic:** Business Aspects

Standard: Maintain safety, health, and environmental standards, and address ergonomic concerns.

31   **Topic:** Career Development

Standard: Make potential career decisions based upon interests, abilities, and values, and formulate appropriate plans to reach career goals.

32   **Topic:** Career Development

Standard: Demonstrate understanding of the relationship between educational achievement and career planning and how career choices impact family patterns and lifestyle.

33   **Topic:** Career Development

Standard: Demonstrate effective skills for seeking and securing employment.

34   **Topic:** Career Development

Standard: Demonstrate understanding of education and career development as a lifelong learning process that requires

preparation for change.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

35   **Topic:** Academic Foundations
          Standard: Discuss the role of government in a democratic society.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

35   **Topic:** Academic Foundations
          Standard: Discuss the history and evolution of law enforcement in America.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

35   **Topic:** Academic Foundations
          Standard: Explain the role of government in a democratic society.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

35   **Topic:** Academic Foundations
          Standard: Demonstrate effective report writing skills using information obtained from a law enforcement scenario.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

36   **Topic:** Academic Foundations
          Standard: Explain the rights and responsibilities of citizens in a democratic society.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

36   **Topic:** Academic Foundations
          Standard: Describe the roles and responsibilities of law enforcement officers in providing for the public's safety.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

36   **Topic:** Academic Foundations
          Standard: Understand how the American judicial process works.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

36   **Topic:** Academic Foundations

Standard: Demonstrate the ability to use basic math for investigation purposes.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

37   **Topic:** Academic Foundations
Standard: Identify and evaluate the problems associated with enforcing the criminal laws.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

37   **Topic:** Academic Foundations
Standard: Identify and define the basic terms used in law enforcement.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

37   **Topic:** Academic Foundations
Standard: Compare and contrast the criminal and civil court structures, systems, and processes.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

37   **Topic:** Academic Foundations
Standard: Demonstrate effective report writing skills using information obtained from a law enforcement scenario.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

38   **Topic:** Academic Foundations
Standard: Describe and evaluate the costs of crime to victims, offenders, and society.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

38   **Topic:** Academic Foundations
Standard: Identify and discuss the major criminal and traffic laws of Georgia.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

38   **Topic:** Academic Foundations
Standard: Identify and discuss the differences between trial and appellate court structures and processes.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

38   **Topic:** Academic Foundations

Standard: Demonstrate the ability to use basic math for investigation purposes.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

39   **Topic:** Academic Foundations
Standard: Identify key components of the criminal justice system to include police, courts, and corrections.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

39   **Topic:** Academic Foundations
Standard: Discuss the classification and principle elements of major crimes.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

39   **Topic:** Academic Foundations
Standard: Know the differences between civil and criminal law.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

39   **Topic:** Academic Foundations
Standard: Explain a variable, a hypothesis, and a theory.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

40   **Topic:** Academic Foundations
Standard: Compare and contrast America's criminal and civil court structures, systems, and processes.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

40   **Topic:** Academic Foundations
Standard: Identify the types of laws that are enforced by different law enforcement agencies (e.g., criminal laws, game and fish, and traffic).

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

40   **Topic:** Academic Foundations
Standard: Demonstrate knowledge of the U.S. Constitution, the Georgia Constitution, and their respective constitutional amendments.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

40   **Topic:** Academic Foundations

Standard: Discuss the history of criminological theory and how it relates to law enforcement.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

41   **Topic:** Academic Foundations

Standard: Compare and contrast America's adult and juvenile justice systems.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

41   **Topic:** Academic Foundations

Standard: Demonstrate the ability to accurately complete various law enforcement reports and documents.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

41   **Topic:** Academic Foundations

Standard: Identify and describe the basic rights guaranteed by the U.S. and Georgia constitutions and amendments.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

41   **Topic:** Academic Foundations

Standard: Explain the different types of psychological and sociological theories of crime.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

42   **Topic:** Academic Foundations

Standard: List and explain key terms associated with public safety and law.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

42   **Topic:** Academic Foundations

Standard: Demonstrate the ability to write comprehensive and accurate police reports answering the basic questions of who, what, where, when, how, and why.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

42   **Topic:** Academic Foundations

Standard: Identify the restraints placed on law enforcement officers by the Bill of Rights and explain how it affects officers' ability to carry out their duties.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

42

Topic: Academic Foundations

Standard: Utilize criminological theory to explain different types of crime.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

43

Topic: Academic Foundations

Standard: Discuss the history and philosophy of private security systems, agencies, and practices.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

43

Topic: Academic Foundations

Standard: Identify the traditional methods of patrol operations and patrol strategies used to prevent and detect crime.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

43

Topic: Academic Foundations

Standard: Identify and discuss the major U.S. Supreme Court cases dealing with 4th Amendment search and seizure issues, 5th Amendment interview and interrogation issues, and 6th Amendment right to counsel and due process claims.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

43

Topic: Academic Foundations

Standard: Identify the major contributors to the development of forensic science.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

44

Topic: Academic Foundations

Standard: Discuss the future of the security service and its relationship with public service agencies.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

44

Topic: Academic Foundations

Standard: Identify community policing strategies used to enhance relations between the police and the public.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

44

Topic: Academic Foundations

Standard: Define relevant legal terms associated with law enforcement.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

44   **Topic:** Academic Foundations

    Standard: Demonstrate the ability to convert both English and metric measures.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

45   **Topic:** Academic Foundations

    Standard: Discuss the history and role of EMS in public safety.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

45   **Topic:** Academic Foundations

    Standard: Identify other strategies used to enhance relations between the police and the public including the use of School Resource Officers (SROs), community safety activities, etc.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

45   **Topic:** Academic Foundations

    Standard: Identify the elements of major crimes and the standards of proof necessary to obtain convictions in criminal cases.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

45   **Topic:** Academic Foundations

    Standard: Distinguish between qualitative and quantitative analysis.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

46   **Topic:** Academic Foundations

    Standard: Apply basic reading, writing, and arithmetic skills to public safety problems.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

46   **Topic:** Academic Foundations

    Standard: Identify and discuss the basic law enforcement functions including patrol, public safety, and investigation.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

46   **Topic:** Academic Foundations

    Standard: Discuss the due process clauses of the United States Constitution and explain how they apply to individual rights and law enforcement actions.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

46   **Topic:** Academic Foundations
           Standard: Differentiate between types of evidence commonly found at crime scenes.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

47   **Topic:** Academic Foundations
           Standard: Write a clear and concise narrative report describing a criminal incident.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

47   **Topic:** Academic Foundations
           Standard: Discuss the evolution of various patrol strategies and techniques including their advantages and disadvantages.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

47   **Topic:** Communications
           Standard: Demonstrate the ability to write reports containing the legal elements of a crime.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

47   **Topic:** Communications
           Standard: Discuss the importance of verbal and non-verbal communications.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

48   **Topic:** Academic Foundations
           Standard: Demonstrate the ability to read and interpret basic charts, graphs, figures, and statistical data.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

48   **Topic:** Academic Foundations
           Standard: Demonstrate the ability to accurately complete an accident report.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

48   **Topic:** Communications
           Standard: Demonstrate the ability to testify clearly, objectively, and effectively in mock judicial proceedings.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

48   **Topic:** Communications

Standard: Demonstrate the ability to read and understand body language.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

49   **Topic:** Academic Foundations

Standard: Identify the different ways that crime data is collected and evaluate the advantages and disadvantages of each method.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

49   **Topic:** Communications

Standard: Demonstrate the ability to speak and write clearly and professionally.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

49   **Topic:** Communications

Standard: Demonstrate the ability to communicate orally and in writing using an analytical and persuasive style.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

49   **Topic:** Communications

Standard: Demonstrate the ability to communicate effectively with culturally diverse groups.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

50   **Topic:** Academic Foundations

Standard: Classify the types of crimes and identify the state's burden of proof.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

50   **Topic:** Communications

Standard: Discuss the importance of clear and concise communications in 911 emergency operations and other police dispatches.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

50   **Topic:** Communications

Standard: Demonstrate the ability to communicate clearly and listen actively and effectively when interacting with citizens, supervisors, and co-workers.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

50   **Topic:** Communications

Standard: Write a clear and concise investigative report of a crime.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

51   **Topic:** Communications

Standard: Discuss the importance of oral and written communications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

51   **Topic:** Communications

Standard: Identify body language including facial expressions and hand gestures that may pose a threat to the officer.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

51   **Topic:** Communications

Standard: Demonstrate knowledge of the confidentiality requirements associated with certain law enforcement communications.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

51   **Topic:** Communications

Standard: Discuss the importance of using scientifically precise language in presenting forensic evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

52   **Topic:** Communications

Standard: Demonstrate proficiency in presenting and interpreting verbal, non-verbal, and written communications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

52   **Topic:** Communications

Standard: Explain, identify, and apply principles of conflict resolution and problem solving to police-community issues.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

52   **Topic:** Problem Solving and Critical Thinking

Standard: Identify the major U.S. Supreme Court decisions that apply to law enforcement functions.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

52   **Topic:** Communications
          Standard: Discuss the importance of treating victims with respect and sensitivity.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

53   **Topic:** Communications
          Standard: Demonstrate the ability to identify law enforcement issues and to communicate effectively with diverse groups.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

53   **Topic:** Communications
          Standard: Discuss the importance of cultural diversity in communications.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

53   **Topic:** Problem Solving and Critical Thinking
          Standard: Identify the importance of judicial case law.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

53   **Topic:** Problem Solving and Critical Thinking
          Standard: Demonstrate the ability to identify problems in a law enforcement scenario and use critical thinking skills to resolve them in a manner that is ethical and lawful.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

54   **Topic:** Communications
          Standard: Demonstrate professionalism in communicating with others.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

54   **Topic:** Communications
          Standard: Use field note-taking and report-writing skills to complete police incident reports.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

54   **Topic:** Problem Solving and Critical Thinking
          Standard: Define, discuss, and apply the laws of arrest in various law enforcement scenarios.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

---

54
   Topic: Problem Solving and Critical Thinking
   Standard: Demonstrate the ability to develop appropriate crime prevention strategies for planned events or emergency situations.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

---

55
   Topic: Communications
   Standard: Apply active listening skills to obtain and clarify information.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

---

55
   Topic: Communications
   Standard: Demonstrate the ability to communicate clearly and effectively when using emergency response equipment.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

---

55
   Topic: Problem Solving and Critical Thinking
   Standard: Define, discuss, and apply the laws of search and seizure in various law enforcement scenarios.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

---

55
   Topic: Problem Solving and Critical Thinking
   Standard: Apply basic criminal profiling techniques to historical cases.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

---

56
   Topic: Communications
   Standard: Comprehend and use reading strategies to learn vocabulary, technical concepts, and follow directions.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

---

56
   Topic: Communications
   Standard: Apply anger management techniques to resolve conflicts and reduce anger.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

---

56
   Topic: Problem Solving and Critical Thinking
   Standard: Define, discuss, and apply the laws of interviews and interrogations in various law enforcement scenarios.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

56   **Topic:** Problem Solving and Critical Thinking

Standard: Develop a plan for investigating an unsolved crime.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

57   **Topic:** Communications

Standard: Locate, organize, and reference written materials from various sources to communicate effectively with co-workers and clients/participants.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

57   **Topic:** Problem Solving and Critical Thinking

Standard: Identify police-community problems and develop appropriate strategies to resolve them.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

57   **Topic:** Information Systems and Technology

Standard: Demonstrate the ability to research current Georgia laws and court cases using Internet resources and legal software.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

57   **Topic:** Problem Solving and Critical Thinking

Standard: Solve a mock homicide case based upon the study of evidence and the application of forensic principles.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

58   **Topic:** Communications

Standard: Develop and deliver formal and informal presentations using appropriate media to engage and inform audiences.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

58   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to apply logic and exercise reasonableness in analyzing scenarios and developing appropriate solutions.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

58   **Topic:** Information Systems and Technology

Standard: Demonstrate the ability to conduct legal research on cases involving the 4th, 5th, 6th, 8th, and 14th amendments using Internet resources and legal software.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

58   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to use critical thinking skills as a team member to formulate solutions to problems.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

59   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to identify problems in a criminal justice scenario and use critical thinking skills to lawfully resolve them.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

59   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to develop appropriate crime prevention strategies for planned events or emergency situations.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

59   **Topic:** Systems

Standard: Demonstrate an understanding of the trial court and appellate court structures, systems, and processes.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

59   **Topic:** Information Systems and Technology

Standard: Understand the methodology of how to conduct legal and police research using the Internet and other computer technology.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

60   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to solve criminal justice problems using ethical solutions.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

60   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate an understanding of the continuum of force and how it applies to use of force situations.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

60   **Topic:** Systems

Standard: Discuss the legal basis for our court system and the relationship of the criminal and civil courts, and the trial and appellate courts to each other.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

60   **Topic:** Information Systems and Technology

Standard: Demonstrate proficiency with personal computers and related software.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

61   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to use a variety of mediation and conflict resolution skills to effectively resolve criminal justice issues.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

61   **Topic:** Information Systems and Technology

Standard: Discuss how NCIC and GCIC computers and Internet resources may be used to conduct law enforcement research.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

61   **Topic:** Systems

Standard: Describe the relationship between law enforcement agencies and the judicial system.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

61   **Topic:** Information Systems and Technology

Standard: Comprehend the use of a computer program to diagram a crime scene.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

62   **Topic:** Problem Solving and Critical Thinking

Standard: Demonstrate the ability to use critical thinking skills as a team member to formulate solutions to problems.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

62   **Topic:** Information Systems and Technology

Standard: Perform an Internet search for specific data related to law enforcement issues.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

62   **Topic:** Safety, Health and Environment
Standard: Discuss laws requiring employers to maintain a safe work environment.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

62   **Topic:** Information Systems and Technology
Standard: Identify the different forms of technology used in forensic science.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

63   **Topic:** Information Systems and Technology
Standard: Demonstrate a working knowledge of computers and related software.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

63   **Topic:** Information Systems and Technology
Standard: Understand the methods of establishing and maintaining an e-mail account for departmental correspondence.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

63   **Topic:** Safety, Health and Environment
Standard: Discuss the legal liability that results from exposing others to AIDS and infectious diseases.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

63   **Topic:** Systems
Standard: Explain how federal, state, and local agencies work together and handle jurisdictional issues in criminal investigations.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

64   **Topic:** Information Systems and Technology
Standard: Describe the types of information available from GCIC/NCIC.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

64   **Topic:** Information Systems and Technology
Standard: Use computer technology to identify crime hot spots.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

64 **Topic:** Safety, Health and Environment
Standard: Recertify in CPR and basic first aid.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

64 **Topic:** Systems
Standard: Describe how the police and prosecutors office work together in criminal investigations.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

65 **Topic:** Information Systems and Technology
Standard: Understand methods of electronic e-mail applications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

65 **Topic:** Information Systems and Technology
Standard: Demonstrate traffic accident reconstruction using witness statements, physical evidence, and reconstruction software.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

65 **Topic:** Leadership and Teamwork
Standard: Participate in a Mock Trial.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

65 **Topic:** Systems
Standard: Discuss the role of the prosecutor's office in criminal investigations.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

66 **Topic:** Information Systems and Technology
Standard: Use Internet applications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

66 **Topic:** Information Systems and Technology
Standard: Demonstrate proficiency with personal computers and related software.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

66 **Topic:** Leadership and Teamwork
Standard: Discuss the roles of the judge, prosecutor, and defense attorney in court proceedings.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

66 **Topic:** Systems
Standard: Discuss the role of the victim's advocates in criminal cases.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

67 **Topic:** Information Systems and Technology
Standard: Use writing/publishing applications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

67 **Topic:** Systems
Standard: Explain the importance of understanding that law enforcement is a system.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

67 **Topic:** Ethics and Legal Responsibility
Standard: Define officer discretion and discuss how law enforcement officers use discretion to enforce the law.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

67 **Topic:** Safety, Health and Environment
Standard: Demonstrate an understanding of officer safety issues including how to approach suspects, the proper stance for protecting the officer's weapon and allowing quick mobility and the importance of staying alert and vigilant with all persons at all times.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

68 **Topic:** Information Systems and Technology
Standard: Use computer operations applications.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

68 **Topic:** Systems

Standard: Describe the roles and responsibilities of local, county, state, and federal agencies.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

68   **Topic:** Ethics and Legal Responsibility
Standard: Discuss the legal and ethical responsibility that officers have to use force appropriately.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

68   **Topic:** Safety, Health and Environment
Standard: Understand the risks involved in handling forensic evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

69   **Topic:** Systems
Standard: Describe the relationship between the police, courts, and corrections.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

69   **Topic:** Systems
Standard: Identify the differences between law enforcement agencies that operate as open systems and those that operate as closed systems.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

69   **Topic:** Ethics and Legal Responsibility
Standard: Discuss the legal and ethical responsibility that officers have to maintain confidentiality regarding interviews and interrogations.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

69   **Topic:** Safety, Health and Environment
Standard: Describe the proper collection, processing, and testing of arson and explosives evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

70   **Topic:** Systems
Standard: Demonstrate a working knowledge of criminal justice process.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

70   **Topic:** Systems

Standard: Describe and apply knowledge of how the U.S. legal system works.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

70   **Topic:** Ethics and Legal Responsibility

Standard: Explain the laws prohibiting discrimination including Title VII of the Civil Rights Act and the Americans with Disabilities Act.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

70   **Topic:** Safety, Health and Environment

Standard: Develop a plan for investigating a crime scene that is contaminated with hazardous materials.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

71   **Topic:** Systems

Standard: Describe the roles and responsibilities of the different emergency service agencies and systems (e.g., police, fire, etc.) and explain how they work together.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

71   **Topic:** Systems

Standard: Demonstrate an understanding of community-policing concepts.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

71   **Topic:** Ethics and Legal Responsibility

Standard: Discuss the relationship between and officer's improper use of discretion and potential liability for violating an individual's civil rights.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

71   **Topic:** Safety, Health and Environment

Standard: Discuss the health hazards associated with AIDS and other infectious diseases.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

72   **Topic:** Systems

Standard: Identify jurisdictional and venue questions that may arise when different emergency service agencies work together and provide suggestions for resolving them.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

72   **Topic:** Systems

Standard: Demonstrate an understanding of how community policing is used to increase citizen awareness and involvement in solving community problems.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

72   **Topic:** Ethics and Legal Responsibility

Standard: Discuss civil liability issues that may arise when police officers attempt to carry out their responsibilities.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

72   **Topic:** Safety, Health and Environment

Standard: Explain the legal liability that comes from exposing others to AIDS and revealing confidential medical information.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

73   **Topic:** Systems

Standard: Describe the roles and responsibilities of private security agencies and explain how they differ from public law enforcement agencies.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

73   **Topic:** Safety, Health and Environment

Standard: Identify common medical emergencies and first aid procedures.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

73   **Topic:** Employability and Career Development

Standard: Identify and discuss the minimum legal requirements for applicants desiring to become law enforcement officers.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

73   **Topic:** Safety, Health and Environment

Standard: Recertify in CPR and basic first aid.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

74   **Topic:** Systems

Standard: Discuss the importance of all agencies (law enforcement, courts, corrections, fire, security, and EMS) working together to serve and protect the public.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

74   **Topic:** Safety, Health and Environment
Standard: Identify and safely use emergency service equipment provided to law enforcement personnel.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

74   **Topic:** Employability and Career Development
Standard: Demonstrate the ability to conduct research and write a report on careers in law .

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

74   **Topic:** Leadership and Teamwork
Standard: Demonstrate the ability to lead while following others.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

75   **Topic:** Safety, Health and Environment
Standard: Identify and explain the dangers associated with various career opportunities in Law, Public Safety, and Security professions, such as police and corrections.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

75   **Topic:** Safety, Health and Environment
Standard: Discuss personal and environmental safety precautions.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

75   **Topic:** Employability and Career Development
Standard: Develop a portfolio showcasing your career development.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

75   **Topic:** Leadership and Teamwork
Standard: Demonstrate the ability to make decisions while working to solve crimes and other problems.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

76   **Topic:** Safety, Health and Environment

Standard: Discuss the importance of fitness and good health for criminal justice personnel.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

76   **Topic:** Safety, Health and Environment

Standard: Identify common narcotics and know the medical dangers associated with their use.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

76   **Topic:** Technical Skills

Standard: Analyze the legal aspects of law enforcement applying the laws of arrest and search and seizure.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

77   **Topic:** Safety, Health and Environment

Standard: Identify first responder issues and meet the certification requirements for CPR and basic first aid.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

77   **Topic:** Safety, Health and Environment

Standard: Identify firearms and chemical weapons and understand the precautions that should be taken when using them.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

77   **Topic:** Technical Skills

Standard: Know when and how the 4th Amendment applies to traffic stops and to arrests, searches, and seizures.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

77   **Topic:** Leadership and Teamwork

Standard: Discuss the purpose of police policies and procedures.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

78   **Topic:** Safety, Health and Environment

Standard: Identify hazardous materials and describe the special methods required for handling them.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

78   **Topic:** Safety, Health and Environment

Standard: Describe the continuum of force and identify the techniques officers use to protect themselves in use of force situations.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

78   **Topic:** Technical Skills

Standard: Know when and how to administer the Miranda warnings.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

78   **Topic:** Leadership and Teamwork

Standard: Discuss the need for police management and accountability.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

79   **Topic:** Safety, Health and Environment

Standard: Maintain a safe work environment.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

79   **Topic:** Safety, Health and Environment

Standard: Discuss the origins and effects of stress on law enforcement officers and how to reduce it.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

79   **Topic:** Technical Skills

Standard: Explain the continuum of force and the legal issues that arise when officers use force.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

79   **Topic:** Leadership and Teamwork

Standard: Describe the police hierarchy and understand the teamwork required when working with lead investigators, evidence technicians, and officers from other units or agencies.

79   **Topic:** Ethics and Legal Responsibility

Standard: Identify the procedures that ensure a proper chain of custody when handling evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

80   **Topic:** Safety, Health and Environment

Standard: Demonstrate an understanding of officer safety issues including how to approach suspects, the proper stance for protecting the officer's weapon and allowing quick mobility, and the importance of staying alert and vigilant with all

persons at all times.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

80   **Topic:** Safety, Health and Environment

Standard: Discuss the purpose of crisis management and identify resources that may be available to assist law enforcement officers in this area.

Course: DRAFT - Public Safety: 43.43200 Constitutional and Criminal Law

80   **Topic:** Technical Skills

Standard: Demonstrate the ability to testify effectively in court during mock trial proceedings.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

80   **Topic:** Ethics and Legal Responsibility

Standard: Demonstrate the ability to apply the laws of Georgia to a variety of scenarios in a manner that is both ethical and legal.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

81   **Topic:** Safety, Health and Environment

Standard: Demonstrate the ability to respond appropriately in simulated demonstrations of real life disasters.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

81   **Topic:** Safety, Health and Environment

Standard: Recertify in CPR and basic first aid.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

81   **Topic:** Ethics and Legal Responsibility

Standard: Identify the legal and physical requirements of arrests, searches, and seizures.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

82   **Topic:** Leadership and Teamwork

Standard: Explain the basic concepts related to the hierarchical organizational structure.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

82   **Topic:** Safety, Health and Environment

Standard: Demonstrate an understanding of officer safety issues including how to approach suspects, the proper stance for protecting the officer's weapon and allowing quick mobility, and the importance of staying alert and vigilant with all persons at all times.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

82   **Topic:** Ethics and Legal Responsibility

Standard: Demonstrate the ability to interact with culturally diverse groups and to treat everyone fairly.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

83   **Topic:** Leadership and Teamwork

Standard: Explain the concept of the chain of command and why it is important.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

83   **Topic:** Safety, Health and Environment

Standard: Identify the dangers involved in high-speed chases and the precautions that should be taken when engaging in them.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

83   **Topic:** Ethics and Legal Responsibility

Standard: Demonstrate the ability to arrive at ethical solutions in a variety of law enforcement situations.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

84   **Topic:** Leadership and Teamwork

Standard: Demonstrate an understanding of and respect for leadership and subordinate roles.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

84   **Topic:** Safety, Health and Environment

Standard: Discuss the need for varying treatment of intoxicated offenders and persons afflicted with a medical condition or mental illness.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

84   **Topic:** Ethics and Legal Responsibility

Standard: Demonstrate the ability to argue the different approaches postulated by Frye and Daubert decisions as to the admissibility of scientific evidence in court.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

85   **Topic:** Leadership and Teamwork

    Standard: Discuss the value of civilian review and police oversight.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

85   **Topic:** Leadership and Teamwork

    Standard: Discuss the areas of responsibility covered by various public safety agencies.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

85   **Topic:** Employability and Career Development

    Standard: Explain the importance of wearing professional attire and maintaining a professional demeanor and appearance.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

86   **Topic:** Leadership and Teamwork

    Standard: Assume leadership responsibilities and demonstrate the knowledge and skills needed to collaborate with team members in projects and work activities.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

86   **Topic:** Leadership and Teamwork

    Standard: Demonstrate understanding of the law enforcement rank structure and chain of command (both vertical and horizontal).

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

86   **Topic:** Employability and Career Development

    Standard: Develop a professional resume and career portfolio.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

87   **Topic:** Leadership and Teamwork

    Standard: Explain the importance of interagency cooperation.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

87   **Topic:** Leadership and Teamwork

    Standard: Discuss the importance of inter-agency protocols and identify issues of overlapping jurisdiction.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

87   **Topic:** Employability and Career Development
Standard: Identify careers in forensics and the training required to get a job in such fields.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

88   **Topic:** Ethics and Legal Responsibility
Standard: Recognize and practice personal and professional behavior that is ethically and legally responsible.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

88   **Topic:** Leadership and Teamwork
Standard: Demonstrate the ability to lead while following orders.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

88   **Topic:** Technical Skills
Standard: Demonstrate proper interviewing and interrogation skills and report writing techniques.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

89   **Topic:** Ethics and Legal Responsibility
Standard: Demonstrate honesty and integrity in the performance of professional duties.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

89   **Topic:** Leadership and Teamwork
Standard: Describe the police hierarchy and understand the teamwork required when working with lead investigators, evidence technicians, and officers from other units or agencies.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

89   **Topic:** Technical Skills
Standard: Demonstrate proper procedures for collecting, labeling, and preserving evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

90   **Topic:** Ethics and Legal Responsibility
Standard: Identify effective strategies that may be used by individuals and organizations when responding to illegal and

unethical workplace situations.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

90 **Topic:** Leadership and Teamwork
Standard: Discuss the need for police management and accountability.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

90 **Topic:** Technical Skills
Standard: Discuss the chain of custody and it's effect on the admission of evidence in court.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

91 **Topic:** Ethics and Legal Responsibility
Standard: Describe the use of force continuum and explain when and how it should be applied.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

91 **Topic:** Ethics and Legal Responsibility
Standard: Discuss when and how confidentiality requirements apply to police work.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

91 **Topic:** Technical Skills
Standard: Demonstrate the ability to conduct pre-event planning.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

92 **Topic:** Employability and Career Development
Standard: Identify the career opportunities that are available in Law, Public Safety, and Security and explain the requirements that must be met to obtain employment in these fields.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

92 **Topic:** Ethics and Legal Responsibility
Standard: Identify unethical and illegal actions in police work.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

92   **Topic:** Technical Skills

Standard: Demonstrate the ability to use appropriate criminal investigation procedures.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

---

93   **Topic:** Employability and Career Development

Standard: Describe the certification requirements and responsibilities of various public safety personnel.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

---

93   **Topic:** Ethics and Legal Responsibility

Standard: Explain the protections accorded to citizens and inhabitants of the State of Georgia and the United States under the respective constitutions.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

---

93   **Topic:** Technical Skills

Standard: Prepare to participate in Skills USA/VICA.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

---

94   **Topic:** Employability and Career Development

Standard: Identify positive character traits that should be present in Law, Public Safety, and Security employees.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

---

94   **Topic:** Ethics and Legal Responsibility

Standard: Demonstrate the ability to effectively handle police and community issues in a way that is both ethical and legal.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

---

94   **Topic:** Technical Skills

Standard: Describe the procedures for conducting a systematic search of a crime scene for physical evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

---

95   **Topic:** Employability and Career Development

Standard: Demonstrate acceptable work ethics and the ability to be trusted, prompt, and responsible.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

95   **Topic:** Ethics and Legal Responsibility
        Standard: Demonstrate an understanding of the importance of good personal work ethics.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

95   **Topic:** Technical Skills
        Standard: Explain the methods required by the FBI for the collection and packaging of common types of evidence.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

96   **Topic:** Employability and Career Development
        Standard: Demonstrate the ability to accurately complete a job application and resume.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

96   **Topic:** Ethics and Legal Responsibility
        Standard: Demonstrate a commitment to honesty, integrity, and ethical behavior in the performance of law enforcement duties.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

96   **Topic:** Technical Skills
        Standard: Describe the steps involved in thoroughly recording a crime scene.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

97   **Topic:** Employability and Career Development
        Standard: Demonstrate knowledge and skills required to seek, apply, and accept employment.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

97   **Topic:** Ethics and Legal Responsibility
        Standard: Discuss the major criminal and traffic laws for the state of Georgia.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

97   **Topic:** Technical Skills
        Standard: Differentiate between organic and inorganic compounds.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

98 **Topic:** Employability and Career Development
Standard: Identify what is needed for a portfolio to apply for jobs in Law, Public Safety, and Security.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

98 **Topic:** Ethics and Legal Responsibility
Standard: Explain when it is legally permissible to detain a person suspected of a criminal or traffic violation.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

98 **Topic:** Technical Skills
Standard: Draw a crime scene.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

99 **Topic:** Technical Skills
Standard: Demonstrate basic map reading skills.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

99 **Topic:** Ethics and Legal Responsibility
Standard: Discuss the law enforcement officers' code of ethics and the duty it imposes on officers to treat everyone fairly and refrain from engaging in unlawful and unethical acts.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

99 **Topic:** Technical Skills
Standard: Classify physical evidence based upon individual and class characteristics.

Course: DRAFT - Public Safety: 43.43000 Foundations of Public Safety and Criminal Justice

100 **Topic:** Technical Skills
Standard: Demonstrate knowledge of communications protocol, radio, and equipment.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

100 **Topic:** Employability and Career Development
Standard: Develop a resume and a job application letter for a position in law enforcement.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

100 **Topic:** Technical Skills
Standard: Distinguish between physical and chemical properties.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

101 **Topic:** Employability and Career Development
Standard: Discuss the various divisions within law enforcement agencies and the requirements for promotions and advancement.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

101 **Topic:** Technical Skills
Standard: Demonstrate the ability to identify evidence (e.g., treads, fingerprints, blood stains).

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

102 **Topic:** Employability and Career Development
Standard: Demonstrate reading, writing, mathematics, and test-taking skills that indicate readiness for entry, promotion, and advancement examinations.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

102 **Topic:** Technical Skills
Standard: Explain the processing of hair as evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

103 **Topic:** Employability and Career Development
Standard: Identify and discuss factors contributing to job success.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

103 **Topic:** Technical Skills
Standard: Describe the processing and classification of fibers as evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

104 **Topic:** Employability and Career Development
Standard: Develop a basic job application portfolio.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

104
Topic: Technical Skills
Standard: Collect soil samples for use as evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

105
Topic: Employability and Career Development
Standard: Describe the requirements for hiring, promotion, and career advancement within police agencies.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

105
Topic: Technical Skills
Standard: Understand the processing of glass evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

106
Topic: Employability and Career Development
Standard: Demonstrate the use of appropriate interviewing skills.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

106
Topic: Technical Skills
Standard: Identify the various methods used to detect poisons in the body.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

107
Topic: Employability and Career Development
Standard: Explain the importance of wearing professional attire and maintaining a professional demeanor and appearance.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

107
Topic: Technical Skills
Standard: Describe the proper collection, processing and testing of firearms evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

108
Topic: Employability and Career Development
Standard: Identify continuing education options and requirements for law enforcement officers.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

108   **Topic:** Technical Skills
          Standard: Produce an acceptable set of rolled finger prints.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

109   **Topic:** Employability and Career Development
          Standard: Discuss the impact of budgetary constraints on the availability of employee resources and career advancement opportunities.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

109   **Topic:** Technical Skills
          Standard: Describe the proper collection, processing and testing of fingerprint evidence.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

110   **Topic:** Technical Skills
          Standard: Demonstrate the ability to issue verbal commands.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

110   **Topic:** Technical Skills
          Standard: Discuss the various blood and body fluid tests that are used in criminal investigation.

Course: DRAFT - Public Safety: 43.43100 Introduction to Law Enforcement and Patrol Operations

111   **Topic:** Technical Skills
          Standard: Describe and demonstrate the proper way to approach a suspect.

Course: DRAFT - Public Safety: 43.43300 Criminal Investigation and Forensics

111   **Topic:** Technical Skills
          Standard: Classify the various tests for identifying controlled substances.
