

The following instructional plan is part of a GaDOE collection of Unit Frameworks, Performance Tasks, examples of Student Work, and Teacher Commentary. Many more GaDOE approved instructional plans are available by using the Search Standards feature located on [GeorgiaStandards.Org](http://GeorgiaStandards.Org).

FR11-2 Act 1

## UNDERSTANDING LABELS

Read the instructions from the medicine bottle. Then answer the questions that follow.

Medicine A

For headaches and other temporary pain.

Dose: Adults and children over 12, one or two tablets every 4 hours.

Children under the age of 12 should not take this medication.

Medicine B

For upset stomachs

Dose: Adults, 2 teaspoons every four hours for nausea.

Children 4-12 years, 1 teaspoon every four hours for nausea.

Children under the age of 4 should not take this medication.

	Medicine A	Medicine B
What is it for?		
Is the medication a liquid or a tablet?		
How much is one dose of the medication for adults?		
How much is one dose of the medication for children over age 4?		
How often can the medication be taken?		
Can children under 12 take it?
