

# Science Ambassador Training

LIMITED SPACE AVAILABLE

Do you have a GaDOE trained Science Ambassador in your district? If not, this training is for you!

Our goal is to create knowledgeable leaders in your area that can help as you press forward in implementing the science GSE. The goal the Science Ambassador Program is to augment the leadership capacity of science educators across the State.

**Nominate 2 educators** from your system to participate.

Teachers will be required to:

- Complete a brief (<2 hours) on-line GaDOE course early fall on their own (find in the SLDS – PL tab, “Three Dimensional Science”);
- Attend and actively engage in the 2 days of face-to-face professional learning during the school year;
- Provide professional learning in their district/region in partnership with Georgia Department of Education staff as able; and
- Participate in the virtual Science Ambassador Professional Learning Community (PLC).

Two options:

September 23-24, 2019 • 8:30 a.m. - 3:30 p.m.  
Tifton, Georgia

October 2-3, 2019 • 8:30 a.m. - 3:30 p.m.  
Cartersville, Georgia

To nominate, click this [nomination form](#)! If you have any questions, contact Amanda Buice, Science Program Manager, [abuice@doe.k12.ga.us](mailto:abuice@doe.k12.ga.us).
