General Music (K-5): Introduction

Music is an essential element in the fabric of a fully developed human being. The study of music in K-5 grades uniquely embraces a sequential and quality performance-based curriculum that is developmentally appropriate to all learners. The Georgia Performance Standards in K-5 General Music are modeled after the National Standards for music as published by the Music Educators National Conference (MENC). The purpose of this document is to equip the K-5 music educator with measurable standards that provide students with a crucial foundation for a K-12 scaffolding music curriculum.
