

# JEOPARDY!

**W**elcome to *MATH in Jeopardy!* I'm your host, Smart-Alec Treblecch. Yes, I was unsuccessful in my campaign running for U.S. President, getting only 12 votes nationwide. It's OK; this is a pretty good job too. I get to present categories such as: Number Theory, Pre-Algebra, Computation, Statistics, and Fractions. But Mr. Obama, if you need someone to run the U.S. Department of Game Shows, you know who to call!
