

Collaborative Questioning

Directions: Once you have read and annotated a text, formulate questions about what you have read. Consider the types of questions you are posing about the text and try to categorize them (e.g., knowledge, comprehension, application, analysis, synthesis, evaluation). Once you have posed a variety of questions about the text, you will share your questions with a partner and attempt to answer each other's questions; use the space provided to take notes on your answers to each question.
