General Music (6-8) Introduction

The Georgia Performance Standards for middle school general music correlate with the National Music Standards designed for middle school general music instruction. The standards engage middle school learners in performance, creation, critical analysis and investigation, and music's relationship to culture and history. Georgia Performance Standards specify the academic knowledge and skills contemporary learners should acquire through general music instruction. Sequential and developmentally appropriate learning in general music generates understanding, mastery, and life-long appreciation for music in middle school learners. This framework provides students with experiences that connect to high quality, comprehensive education, enhancing their achievement throughout the curriculum. Additionally, students may grow to participate, create, or perform in performing arts activities.
